COPYRIGHT STATEMENT

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted materials including foreign works under certain conditions. In addition, the United States extends protection to foreign works by means of various international conventions, bilateral agreements, and proclamations.

Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

The Columbia University Libraries reserve the right to refuse to accept a copying order if, in its judgement, fulfillment of the order would involve violation of the copyright law.

PREFACE.

THIS Catalogue has been specially compiled to assist all those interested in, or, directly concerned with, the Textile Industry, and to make available—both easily and quickly—the resources of the Library upon such subject.

The Catalogue is arranged in Three parts: Class List, Author List, and Subject Index. By these divisions readers will readily ascertain what books are available upon any specific subject, or the class number of any particular book by consulting the author list.

Books are arranged on the shelves in the Lending Library under their class number.

The letter R preceding a number at the end of an entry indicates that such book is in the Reference Library. All other volumes can be had for home reading.

The Committee welcome suggestions of new or other books, as they wish to make the Library perform its functions to the fullest and widest extent.

The services of Mr. J. HINDLE, Deputy-Librarian, are specially acknowledged in the production of this Catalogue.

R. ASHTON, F.L.A.,
LIBRARIAN AND CURATOR.

THE Public Library Committee make grateful acknowledgment to the Blackburn Cotton Week Committee for defraying the cost of printing this Catalogue.
